Six Americans Accused, Held by the Cubans

By ROBERT BERRELLEZ

HAVANA (AP)—Fidel Castro's government announced today it is holding six Americans accused of sailing to Cuba Jan. 7 to join counter-revolutionary forces here.

The announcement said all six were seized in Havana the day after they made a pact in Florida with a Castro foe, former Sen. Rolando Masferrer, to join other dissidents trying to overthrow Castro's regime.

Several Americans were executed by Castro firing squads last year after they were captured with "invasion" groups in Cuba.

The announcement identified the six as George R. Beck, 24, Norton, Mass.; Tommy L. Baker, 28, Dothan, Ala.; Donald Joe Green, 28, Clover, S.C.; James E. Beane, 34, Cedar Falls, N.C.; Alfred Eugene Gibson, Durham, N.C.; and Leonard Louis Schmidt, 21, Chicago.

The account said the six sailed from Marathon Key, Fla., with a fueling stop at Key West Jan. 6 after undergoing training at Masferrer's anti-Castro training camp in Florida.

Castro's Cabinet needed the United States with a series of new decrees.

In a session lasting until after midnight, the cabinet:

1. Ordered all Cubans and foreigners employed on the U.S. Naval Base at Guantanamo and living outside the base to get special work permits from the Cuban government.
2. Ordered all other persons entering the base—meaning Cubans trading with it—to get special permits.
3. Ordered drastic changes in the Spanish-American War Monument in Havana.
4. Ordered dissolution of the Cuban-American Cultural Institute, charging it has been converted into a propaganda outlet for the State Department.

Nearly 4,000 Cuban nationals work at the base.

The new law indicated that one aim of the regime was to get its hands on all dollars paid by the base to Cubans. It said that applications for permits to work on the base must be accompanied by a declaration of income.

The eagle atop the Spanish-American War Monument was ordered replaced by a dove of peace, the decree saying that the eagle was a "tragic symbol of aggression, vassalage and exploitation."

Military firing squads executed three members of the Cuban Electrical Union Wednesday as Castro pressed his purge of opponents in the ranks of labor. The three men shot in the dry grassy moat of ancient La Cabana fortress were accused of sabotaging electrical equipment last November, when the capital was partially blacked out by bomb blasts.

The three electrical workers raised the unofficial total of executions to 531 since Castro took over power on New Year's Day of 1959.

Liberia Land Bought for U. S. Negroes

HOOT SPRINGS, Ark. (AP) — The purchase of 5,000 acres of Liberian land for American Negroes is contemplated by the Executive Board of the National Baptist Convention, U.S.A., Inc.

The Negro religious organization Wednesday named a commission to meet with Liberian officials March 14 to discuss the purchase.

The 83-member Executive Board is holding its midwinter meeting here.

Dr. J. H. Jackson of Chicago, president of the five million member convention, read what he said was an invitation to send representatives to Liberia.

Jackson said the land would be divided into small farms and sold without profit to American Negroes in an effort to teach Liberian natives Christian living and modern farming methods.

Jackson also lauded sit-in demonstrations protesting lunch counter segregation, but said sit-ins alone are insufficient. He urged the convention to increase its support of the National Association for the Advancement of Colored People.

"The time is over for talking big and then having to resort to begging for what we want and need," Jackson said.

GOP's Oppose Packing Rules Committee

WASHINGTON (AP) — The House Republican Policy Committee today unanimously opposed a Democratic-backed plan to increase the Rules Committee membership to 15.

The policy group, composed of party leaders, will make its recommendation to a conference of all House Republicans early next week.

All but four of the 27 members of the committee attended the closed-door session at which a resolution opposing "the packing of the Rules Committee" was adopted.

House Democrats at a caucus Wednesday approved the plan to increase the Rules Committee membership.

The issue is expected to come to a head in the House late next week.

The plan to boost the rules group membership from 12 to 15 was proposed by Speaker Sam Rayburn of Texas as a move to break a coalition threshold on legislation. The coalition has been composed in the past of the four committee Republicans and two Southern Democrats.

Under the increase plan, there would be 10 Democrats and five Republicans instead of eight Democrats and four Republicans. The additional Democrats would be liberals hand-picked by Rayburn.

Strikers Are Picketing Rail Station

By FRANCIS STILLEY

NEW YORK (AP) — Striking harbor craft crewmen threw pickets at giant Pennsylvania Station today in a fast-spreading action which could knock out virtually all New York rail service. Such a tieup would quickly pose staggering travel woes for more than 200,000 commuters.

Half this number already were scrambling for other transportation through a shutdown of the New York Central and New Haven railroads operations at Grand Central Terminal.

The two railroads also shut off all long-distance passenger and freight operations into New York. Bus and highway jams grew—along with tempers—as commuters from suburban Westchester County and Connecticut north of the city struggled to get to work by makeshift travel arrangements. Some gave up and took hotel rooms in Manhattan for the duration.

Paradoxically, it was a group of only 664 men that created such turmoil for so many. In addition, they are not trainmen. They are ferry and tugboat crewmen on vessels operated by 11 railroads.

Other railroad workers, who operate trains, refused to cross the sailors' picket lines.

Two major railroads use Pennsylvania Station, the Pennsylvania itself and the Long Island. The Long Island operates the biggest commuter service in the world.

Despite pickets at the station, the two railroads reported they were continuing operations normally this morning. But it was anybody's guess as to whether they could continue. The Long Island during the night started court action in an effort to halt the picketing.

Federal mediators reported that new proposals in the 10-day-old dispute gave rise to some optimism.

The size of tugboat crews—now mostly five men—is the chief issue in dispute.

Inauguration as president of John F. Kennedy in Washington even got mixed up in the troubles here.

It was generally believed that the striking unions might be delaying a shutdown until after the ceremonies, so as to permit trains to carry New Yorkers there.

ADMITS KIDNAP SLAYING — AN EX-CONVICT, RICHARD Lindsey, right, has admitted kidnaping, raping and killing 6-year-old Rose Marie Riddle and leaving her body in a field about 60 miles north of Bakersfield, Calif. Lindsey said his wife, Dixie, helped him and at one point hit Rose Marie on the head with a lug wrench. His wife denied it. — NEA/Telephoto

Funeral services will be held Friday, Jan. 20, in Wickenburg, Arizona.

Bowles Gets Tentative Approval

WASHINGTON (AP) — Undersecretary of State-designate Chester Bowles told inquiring senators today the United States is "going to defend Formosa at whatever the cost and whatever the risks."

Bowles also testified before the Senate Foreign Relations Committee he not only opposes recognition of Red China as things now stand, but also sees no possibility that the United States would meet the terms the Communists would demand for such recognition.

The committee began its hearing on his upcoming nomination in a packed committee room. Scores stood outside unable to get in.

Under questioning by Sen. John Sparkman, D-Ala., Bowles said Chinese Communist leader Mao Tse-tung has imposed the condition that Formosa, Nationalist Chinese stronghold, must be a part of Communist China.

In addition, Chinese Communist Premier Chou En-lai made clear in an interview with writer Edgar Snow that there can be no discussion with the United States until it accepts as a fact that Formosa is part of mainland China.

"Obviously we won't do that," Bowles said.

"I simply feel we are obviously not going to give up Formosa. We are going to defend Formosa at whatever the cost and whatever the risks."

Loan Association Re-elects Officers

At the annual membership meeting of the Hope Federal Savings and Loan Association last night, N. T. Jewell and Frank J. Hill were re-elected directors for three year terms.

Officers re-elected were: J. P. Duffie, president; N. T. Jewell, vice president; Albert Graves, attorney; Fred O. Ellis, secretary-manager; Duffie D. Booth, assistant secretary.

Treasurers Favor More Money

LITTLE ROCK (AP) — Proposed legislation for a sliding pay scale for elected county officials has received approval from the Arkansas County Treasurers Association.

The group approved such a resolution Wednesday.

Earlier approval had come from the state's sheriffs and county clerks associations.

The salary scale would be based on county population.

A proposed constitutional amendment which would have allowed a doubling of the present \$5,000 salary limit was defeated at the Nov. 8 general election.

Ike, Kennedy Discuss U. S. Problems

WASHINGTON (AP) — President Eisenhower and President-elect John F. Kennedy canvassed the nation's major problems in a White House conference today lasting more than two hours.

When he came out of the conference, Kennedy told reporters that he and three of his top appointees had had "the opportunity to get the thinking of the President and the responsible officers of the government on some of the major problems facing the United States."

Kennedy, bronzed and smiling, was asked how he feels with his inauguration as president scheduled Friday.

"Very good," he replied.

A reporter asked if he was excited.

"Interested," Kennedy replied with a broad grin.

A joint statement issued by the press secretaries of the outgoing and incoming presidents said that world areas discussed at the conference included the Far East, Africa, Western Europe and the Caribbean.

Eisenhower and Kennedy met alone first in the President's office. Then they met in the Cabinet Room with the incoming and outgoing secretaries of state, Treasury and defense for continuation of their discussions.

The statement said that during their discussions, the president-elect and the incoming Cabinet members "were brought up to date on a number of matters affecting the security of the United States."

It was the second time Eisenhower and Kennedy had met for pre-inaugural discussion. They conferred for nearly three hours Dec. 6. Today's meeting lasted about three hours and 15 minutes.

Kennedy told newsmen the two conferences will make the transition from a Republican to a Democratic administration easier.

Kennedy was reminded that Eisenhower had said Wednesday that the transition was going smoothly, Kennedy agreed.

Among the problems touched upon today, Kennedy said, was the outflow of gold. He said this was touched on briefly.

Kennedy said, in reply to a question, that the talks were virtually restricted to foreign affairs as distinguished from domestic problems.

He said that Eisenhower and his associates had offered to continue to help in any way they could after leaving office, if the new administration had any questions they could answer.

He indicated, in reply to a question, that there had been no discussion of any specific mission Eisenhower might undertake for him after returning to private life.

Iowa Plans Probe of Missing Cash

SHELDON, Iowa (AP)—Part of the assets held by Burnice Iverson Geiger, 58, who had admitted a \$1-million bank embezzlement here, went into the purchase of 130,000 shares of Northern Biochemical Corp. of Sheldon, officials of that company said today.

This fledgling industry, organized about a year ago to deal in the manufacture and sale of special animal feeds, started with \$8,000 but is now capitalized at \$500,000. Mrs. Geiger, assistant cashier of the Sheldon National Bank until it collapsed Tuesday, had held a controlling interest in the chemical firm.

The extent of her holdings in the company was the first concrete figure turned up during an investigation of what she did with the \$1,125,850 defalcation that resulted in the closing of the bank. Held in jail at Sioux City, the town's prominent citizen and philanthropist, has remained silent.

Although substantial, the investment in the chemical firm stock, represents only a part of the embezzled funds. Mrs. Geiger paid for the stock in excess of \$130,000 with blocks at \$1.08 and \$1.16 a share.

Elliott Roosevelt, son of the late president and economic consultant for Northern Biochemical, said Mrs. Geiger bought about one third of the corporation's capital stock of 350,000 shares.

Records indicate that in the early months of the corporation, outstanding shares totaled only about 200,000 and Mrs. Geiger held 65 per cent. The firm also has two subsidiaries.

There were these other developments in the affairs of the chemical company which was reported to be one of the biggest depositors in the Sheldon National Bank:

Roosevelt, speaking at a mid-night news conference after a lengthy meeting of the company directors, said he owns no stock in Northern Biochemical and will have to wait to see if "this will be a good investment." He said, however, that he thought the corporation had a bright future.

The State Securities Department in Des Moines reported that Biochemical stock has not been registered in Iowa and therefore it is illegal to sell it in this state. Securities officials said they had advised the corporation to offer refunds to stockholders who had already bought stock.

Harold E. Kistner, president of Northern Biochemical, said all stockholders have been asked if they want their money back and none has requested a refund. He said Mrs. Geiger bought her shares about last April or before.

Kistner said the corporation will meet this week's payroll for 17 employees and will continue in operation without interruption.

Vote Fraud Indictments Are Returned

DEVALIS BLUFF, Ark. (AP) — A Prairie County Grand Jury has returned indictments against two persons in connection with voting frauds in the states 19th Senatorial District.

Persons named in Wednesday's indictments were not disclosed pending the serving of arrest warrants. Circuit Judge W. J. Waggoner said the warrants would be issued today.

The indictments grew out of the Aug. 9 Democratic primary election in which incumbent Jerry Sereeton of Hazen defeated J. T. Gunter of Lonoke.

Gunter filed suit alleging irregularities and Sereeton filed a cross complaint also alleging irregularities.

Judge Waggoner dismissed the suit on a technicality after several weeks of testimony, but later reinstated it.

The suit was voided when Charles L. George of Cabot, running as a write-in candidate, defeated Sereeton in the Nov. 8 general election.

Stalemate in Vote Recount

HARRISON, Ark. (AP)—A recount of votes in a contested county treasurer's race has ended in a stalemate—with 3,267 votes each for Joe Dixon and Eulan Moore.

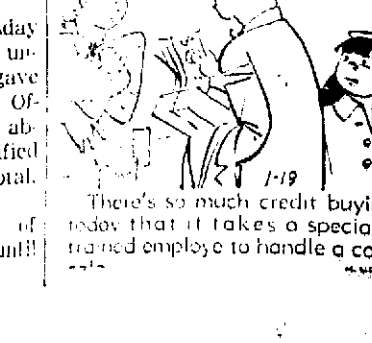

Moore, a Republican, was the apparent winner over Dixon, the Democratic incumbent, in the Nov. 8 general election. Certified returns gave Moore 3,278 votes, Dixon 3,269.

Dixon filed suit contesting the counting of some absentee ballots and alleging that had all these ballots been counted he would have been the victor. Moore was sworn in as treasurer along with other county officials.

The tie resulted Wednesday when 37 of 66 allegedly uncounted absentee ballots gave Dixon 29 votes and Moore 8. Officials subtracted the original absentee vote from the certified total, then added in the new total, resulting in the tie.

A County Court hearing of Moore's suit was recessed until Monday.

Actress Has Praise for U. S. People

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD (AP) — Ingrid Thulin, first of the Ingmar Bergman troupe to be imported by Hollywood, is a golden-haired beauty with some startling views on sex and Sweden, violence and Hollywood.

This is all to the good, she speaks her mind. She is gorgeous. She can act up a storm. Hollywood needs her. But does she need Hollywood?

"I don't know if I like it here," she said. "I go to work in the dark. I come home in the dark. In Sweden I work at the studio from 9 to 5. That is more sensible."

"I don't know if I like California because I haven't seen much of it." Miss Thulin was Bergman's leading lady in "Wild Strawberries," "The Magician" and "Brink of Life." MGM brought her here to star in "The Four Horsemen of the Apocalypse." Like it or no, she may be seeing much of California in the future. She has more films to do for MGM and is signed for five with the Mirisch Co.

She is living at the Bel-Air Hotel with husband Harry Schein, a young businessman who remarked that "in Sweden Ingrid is paid

Beef, Pork Featured by Markets

FOOD REVIEW
By THE ASSOCIATED PRESS

Expensive cuts of beef and bargain cuts of pork are featured at many of the nation's supermarkets and neighborhood groceries this week.

The slightly more numerous offerings of beef are mainly such cuts as rib roast, top or bottom round roast and a variety of steaks—rib, club, T-bone, sirloin and porterhouse. A few Midwest and Far West stores favor ground beef, while there are scattered specials on chuck roast and short ribs.

Pork items, run more to loins and the smaller picnic hams than to the more expensive hams and chops.

Grain-fed beef, which yields the better cuts, is fairly plentiful just now while pork is still on the scarce side.

Leg of lamb is the top item in parts of the East and Midwest, but poultry specials are few and far between, what with fryers up 2 to 10 cents a pound over a wide area.

Fruit and vegetable bins show a good assortment of winter bargains.

Best buys among vegetables are Danish, or white cabbage, endive, escarole, green onions from Arizona, mushrooms, peppers, parsnips where they're available from nearby stocks, Eastern potatoes, radishes, romaine lettuce and Hubbard and butternut squash. Medium size yellow onions remain an outstanding buy.

Fruit experts recommend golden delicious apples as an outstanding buy.

Other best bets are Macintosh and Cortland apples, cranberries, grapefruit, tangerines and limes.

Americans—"I have never met such friendly, cheerful people. Here, courtesy is a way of life."

Swedish vs. American films — "You have violence, we have sex. I think I like the sex in films better."

"The sex is put in strictly for the export trade. It isn't for the Swedes; they are bored with sex. There is a lot of nude bathing in Swedish films for the South American market and other places that like to see it. No, I have never done it; they know I won't."

Heroic Doctor Dooley Dies From Cancer

By RAY KOHN

NEW YORK (AP) — Thomas Dooley, lion-hearted young doctor who battled disease in the Laos jungle even when he himself became ravaged by crippling cancer, died in his sleep Wednesday night at Memorial Hospital.

Death came just one day after his 34th birthday.

Dooley, brought to the hospital Dec. 27 wearing a brace from shoulder to hips, insisted he was going to continue his work if his "iron maiden" enabled him to get around — and characteristically added:

"I am not going to quit. I will continue to guide and lead my hospitals until my back, my brain, my blood and my bones collapse."

Dooley's dedication to relieving the plight of the underprivileged and ailing began seven years ago while he was a Navy doctor.

He spent a year of premedical training at the University of Notre Dame before serving (1944-46) as a Navy medical corpsman attached to the Marines.

Upon leaving service, he studied at the Sorbonne in Paris for a year. A native of St. Louis, in 1953 he was graduated from the St. Louis University School of Medicine.

Dooley rejoined the Navy as a lieutenant (j.g.) and took his internship first at the Naval Hospital, Camp Pendleton, Calif., and then aboard the attack transport USS Montague.

In 1954, at the end of the war in Indochina, his ship aided in evacuation of refugees from Communist North Viet Nam.

Seeing—and feeling—the plight of the hundreds of disease-ravaged inhabitants of the area made up Dooley's mind.

He had no money. But he had a fighting heart, boundless energy and a burning goal.

After leaving the Navy in 1955 Dooley wrote a best-selling book, "Deliver Us From Evil." He used the book's proceeds, and supplies donated by pharmaceutical firms, to return to Laos with three former Navy buddies and set up a small hospital at Nam Tha. He brought in his medical supplies by train, plane, oxcart and dog-

Truck Driver Gets an Invitation

TAMPA, Fla. (AP) — A 53-year-old truck driver who didn't have much interest in politics has been invited to attend the inauguration of President-elect John F. Kennedy.

Pierce Woods, father of seven children, expressed puzzlement over the engraved invitation he

out canoe.

For his work with the refugees, Dooley won the Legion of Merit, and was the youngest officer in the history of the Medical Corps to receive it. He also was awarded the National Order of Viet Nam, that nation's highest decoration.

Dooley turned over his first small hospital in 1957 to the Lao-tian government. Then it was back to this country to raise more funds. He lectured and appeared on TV.

In 1958, with Dr. Peter Comanduras, a Washington, D.C., physician, he founded MEDICO (Medical International Cooperation Organization), a nonprofit agency.

Dooley had raised more money with another best-seller, "The Edge of Tomorrow," and returned to Laos to establish a hospital in the village of Mouding Sing near the Chinese border.

At first there were only mats for beds, but Dooley considered this his own hospital. It soon was handling 100 patients a day.

matter of FACT

Long before such innovations as "music to give a party by" or "music to dream by," George Frederick Handel was writing music for special occasions. He wrote the "Water Music" for a festival on the River Thames. Later, he composed music to watch fireworks by. This occasion was the celebration of an Anglo-French peace treaty. The treaty is a dim memory, but the fireworks music is still popular.

Court Summons One Rockefeller

BERLIN, Conn. (AP)—Michael Rockefeller, 22, son of Gov. Nelson Rockefeller, received Tuesday. He said he didn't take part in political campaigning—nor did he vote in the November elections. "I got to the polls too late," said the Negro.

son A. Rockefeller of New York, has a date in court here Feb. 2 to answer a traffic charge.

Rockefeller's youngest son was arrested on the Berlin Turnpike by state police during a snowstorm Sunday night for driving 60 miles per hour in a 45 m.p.h. zone.

Rockefeller was charged with reckless driving and released an hour later when his family wired \$100 bond.

Military Aides Are Appointed

NEW YORK (AP)—President-elect John F. Kennedy today announced appointment of two military aides.

They are Brig. Gen. Chester V. Clifton, 47, as Army aide and Col. Godfrey T. McHugh as Air Force aide.

A naval aide is yet to be appointed.

Clifton was born in Edmonton, Alta., Canada, and attended West Point.

Flights Cancelled

MEXICO CITY (AP) — A strike by ground personnel against Eastern Air Lines forced the line to cancel all flights in and out of Mexico City Sunday. The workers ask salary increases of 20 to 30 per cent. The company would agree only to 5 per cent.

The average American family uses about 900 metal cans a year.

Step Taken to Improve Relations
NEW YORK (AP)—President-elect John F. Kennedy took a major step today to improve relations between Latin America and the United States through use of Puerto Rico as a goodwill clearing house.

Kennedy announced a plan after a conference at the Hotel Carlyle here with Gov. Luis Munoz Marin of Puerto Rico.

"Gov. Munoz and I have agreed to take measures to expand the availability of Puerto Rico's facilities for a meeting place and workshop where we in the United States and our neighbors in Latin America may learn more about our mutual problems and the possibilities for the great achievements that we can attain by working together," Kennedy said.

Kennedy's meeting with the Puerto Rico governor was one of a series of activities that kept him busy during the one-day, preinaugural visit to New York.

The activities included a visit by his tailor, Sam Harris, to give the president-elect a final fitting of his inauguration wardrobe.

Most teen-agers love to try out a new hairdo. The best time to start is right after you've shampooed your hair (left). While it's still full of suds, you can shape it any way you like just to get a notion of how the new style will look. Learn to make expert use of those big plastic rollers (center). Modern hairstyles are all set with rollers for the necessary body and height. Here's the completed style (right). It's soft and shining with a wispy bang across the forehead. Easy to set and easy to keep. But don't be satisfied with just one style; try several.

Two Problems Compound Tragedy

By HELEN WORDEN ERSKINE

Thank God for your helpful column. For the many who don't avail themselves of freedom of worship, it is gospel. You mention that there are exceptions to every rule. Is my case one?

I have participated in church work all my life and tried to do what was right. For 13 years my wife has been mentally ill. But even prior to that our marriage was no one of love. However, she bore my sons and her care is my obligation. I have done all possible to make her comfortable.

Through business I met a fine God-fearing woman of my faith. Although against our belief, her own sons and daughters insisted upon her divorcing their father because of his cruelty. Since this she has never accepted male companionship except for mine. She raised her family alone. We fought our devotion for each other like warriors. Finally, we found the loneliness and heartbreak of our lives erased by the most wonderful relationship either of us had ever known. We knew it was wrong but we found contentment and joy, not only in physical union, but in just sitting together and being in one another's company.

However, the irregularity of the situation crushed our hearts for we knew there was only one pattern to follow — complete separation, which we decided upon one year ago.

Now, both of us are doing what we know we must do but I am lost without her and she without me. She works to the exhaustion point and that is exactly what I do.

Is there any solution for us? We are not young. I refuse to believe there can't be some happiness for us, some day, somewhere. I shall watch your column devotedly for an answer. God bless you — J.

Dear J.: No matter what course you take, you will suffer. That is the real tragedy! As I see it, you have two problems — one a mentally ill wife; the other a religion which does not permit divorce. But even if it did, few states recognize insanity as grounds for divorce.

Face the issues squarely. How would divorce affect your wife? Your children? Yourself?

Weigh the consequences and make the final decision, one which only you can make, then live with it, knowing there is no turning back. But, as I often tell my readers, remember William Cowper's hymn,

"God moves in a mysterious way
His wonders to perform."
Take heart!

Dear Helen:
I am 15 years old and have a sister 17. My sister is reckless and unaware of other's feelings. She never comes in on time and is forever disobeying our father and mother. She finds her way into one problem after another.

She is taking years off my parents' lives and keeping me worried. Please help me find a simple solution to my problems — WORRIED

Dear Worried: I am afraid there is no simple solution if your sister is as willful and wayward as you picture her. Actually, she is responsible to her parents, not to you, and would probably say, "Mind your own business," if you interfered. But, on the long chance of reaching her heart, you might try reasoning with her, or asking the family doctor or clergyman to help.

Memo to R. J. whose soldier fiancée is a "Mama's Boy": Any boy who is old enough to be a Marine is old enough to marry. He's using his family's objections as an excuse. What difference can it possibly make to them whether he marries you in two weeks or three months, from now?

As for your immaturity, remind his mother that a girl of 18 legal-

from the operation would be about \$100 a month or \$1,200 a year.

Immediately Mayor Bill Duncan asked, "You didn't bring the first check with you tonight, did you?"

No, Hodges replied, he hadn't, "but we're still glad to be a taxpayer."

It finally happened—two people got the same telephone number. This came about when Conway converted to dial telephone service recently. Dr. Joe E. Smith and Mrs. Oona Marie Wachtendorf, both members of the Arkansas State Teachers College faculty, both were assigned PA 9-6527.

And how does the telephone company decide who gets to keep the number? Easy. They both got new numbers.

Arkansas most populous county, Pulaski, and its least populous county, Perry, are adjoining counties.

Arkansas, incidentally, shares borders with both Missouri and Tennessee—the two states which have the most surrounding states. Missouri and Tennessee each have eight surrounding states and Arkansas and Kentucky each share borders with Missouri and Tennessee, which also adjoin. Only Arkansas, however, has direct access to those two states — the boundary between Missouri and Kentucky is the Mississippi River and there are no bridges over that stretch of Ole Man River.

Security Is Tight for Inaugural

By FRANK CORMIER

WASHINGTON (AP) — Security precautions as rigid as any ever imposed in this security-conscious capital will be directed at thwarting any potential assassin in Friday's inaugural crowds.

About one million persons are expected. The total security force will top 5,000.

Secret Service agents will stand on every rooftop, peer down every manhole, and scan every human cluster along the inaugural route between the Capitol and the White House.

The Secret Service is also counting on spectators to help protect Kennedy.

"If anyone in the crowd should make a threatening move," said Chief Inspector Michael Torina, "you can be sure someone nearby would have the courage and alertness to act."

N. Carolina Team Has No Place to Go

By DON WEISS
Associated Press Sports Writer

North Carolina's Tar Heels, once a good basketball team going somewhere, suddenly have become a great one going nowhere since the NCAA lowered its probationary ban nine days ago.

In four games since the penalty for recruiting violations was imposed in Pittsburgh, Jan. 10, the Tar Heels have whipped four straight Atlantic Coast Conference foes, boosted their winning streak to ten, their national ranking to sixth, and their season record to a tidy 12-2.

Wednesday night's game was the most impressive of all—a 97-66 rout of arch-rival N.C. State at Raleigh.

With All-America candidates York Larese and Doug Moe each scoring 27 points, the Tar Heels hit 66.7 per cent from the field in the second half, 53.5 for the game, and rolled to a 36 point lead at one stage.

Surging Xavier of Ohio (10-3) handed Louisville its second straight loss after 13 season-opening victories, 84-77. West Virginia (11-3) beat Pitt for the 12th time in their last 13 meetings, 73-68; and one and two point decisions were plentiful in other games on the Wednesday night program.

Pitt (6-7) held West Virginia sophomore Rod Thorn to eight points but veteran Lee Patrone took charge for the Mountaineers, controlling the play and scoring 19.

Maryland took a 63-62 thriller from Navy; Army edged Williams 60-58; Hank Whitney's two free throws and another by John Patcek gave Iowa State a 71-70 decision over Drake; Penn scored a 63-62 upset triumph over Villanova; and Wyoming, winning its fourth straight after a woeful start, nipped Air Force 61-60 in overtime.

Niagara (7-2) handed Syracuse (1-9) its eighth straight defeat, 97-77, and Colgate broke a 7-game losing streak, 67-57 over Columbia.

Cage Scoring Leaders Are Neck to Neck

By THE ASSOCIATED PRESS

Only four-tenths of a point separate rank Burgess of Gonpaga, Tom Stith of St. Bonaventure and Tom Chilton of East Tennessee State in the battle for the national scoring title among major college basketball players.

Statistics from the National Collegiate Service Bureau today show Burgess, the half-season leader with a 30.67 average, Stith second with 30.64 and Chilton on their heels with 30.3.

Burgess, in 15 games through Jan. 17, scored 460 points. Stith, runnerup last year to scoring champ Oscar Robertson of Cincinnati, has hit for 429 in 14 starts. Chilton has accumulated 363 in 12 games.

Jerry Lucas of Ohio State remains the field goal percentage leader with .639 per cent to .638 for Seton Hall's Hank Gunter. Chilton moved past the Ohio State All-America and took the rebound lead with a .202 recovery percentage to .200 for Lucas. Al Butler of Niagara leads the free throw shooters with .919 percentage on 34 out of 37 attempts.

Weather May Mean Low Golf Scores

By JACK STEVENSON
Associated Press Sports Writer

PEBBLE BEACH, Calif. (AP)—Bing Crosby's \$50,000 golf extravaganza opened today over three courses by this seaside Monterey Peninsula with the forecast calling for fair weather.

That promised low scores expected to beat Billy Casper's 277 of 1959, the record for a 72-hole Crosby event.

Veteran Jimmy Demaret

showed Crosby how the game should be played Wednesday at Cypress Point. He toured the par 72 layout in 66 strokes including a hole-in-one on the 155-yard 7th.

Just like in the movies, Jackie Burke and Jug McSpaden were passing by and the former asked, "How are you hitting them, old man?"

Demaret replied, "Pretty good, watch this one," and hit his tee shot with a No. 5 iron into the hole.

Byron Nelson and Burke each carded four-under-par 63 at Cypress while Jim Ferre matched Demaret's 66. Bob Gaulty, winner of the Los Angeles Open, wound up with a two-under-par 70 at Pebble Beach.

Crosby's format combines two tournaments in one, pro-amateur and individual pro competition. The pros are paired with amateur golfers from the fields of entertainment, sports, business and the professions.

Pros shot for a top prize of \$5,000 plus what they win in the pro-amateur competition where the pro on the winning team collects \$3,000.

Each team will play each of the three courses — Cypress Point, Monterey Peninsula and Pebble Beach — the first three days. The leaders, 60 professionals and 40 pro-amateur teams, play their final 18 holes Sunday at Pebble Beach in the nationally televised windup.

Arnold Palmer, golfer-of-the-year for 1960, shot par 72 over Pebble Beach Wednesday while Frank Stranahan carded a 64 in the same tournament.

Defending champion Ken Venturi has been on hand all week showing practice rounds. Venturi won last year's event with a 296, shooting the final round in a gale.

The Major periods are shown in bold face type. These begin at the time shown and last for an hour and a half or two hours there after. The minor periods, shown in regular type, are of somewhat shorter duration.

Hope Boys Are Ousted in Play at Saratoga

The Hope B team was eliminated from the Saratoga Tournament last night by Genoa Central by a score of 43 to 29.

A cold night hampered the B boys, and they trailed 8-4 in the first quarter. Roy Wray climaxed the first half with a 63 foot set shot just as the buzzer sounded. The score then stood 21-14 in favor of Genoa.

The B boys were very cold in the third period, taking only 5 points to Genoa's 15. Then in the final period Hope out scored the victors 10 points to 7, leaving the score 43-29.

Larry Walker was high man for the locals with 7, and Baber took 6. Roy Wray, Vince Foster and "Stretch" Greene took 4 each, while Harton and Purtle sank 2. Yeatman was high for the taller Genoa squad with 11.

The Hope Sr. and Jr. teams play host to Magnolia in a pair of conference bouts Saturday.

In other action last night Kirby defeated Emmet 37 to 33; Blevins ousted Garland 44 to 41 in the girls division.

Games today: Boys bracket; 12:45 Guernsey plays Umpire; 2:45 Blevins plays Foreman; 6:30 Bradley plays Willisville; 8:45 Nashville plays Mineral Springs.

Girls Division: 1:30 p.m. Fouke vs Guernsey; 5:30 p.m. Foreman plays Willisville; 7:45 p.m. Nashville plays Bradley.

Eggs Fly as Hawks Beat the Celtics

BOSTON (AP)—While the coaches wrestled over a microphone, brass rookie Len Wilkens helped the feared St. Louis forecast stun Boston's champions for the third straight time.

Egg throwing preceded a plea by Celtics Coach Red Auerbach over the public address microphone just before the half Wednesday night. Rival pilot Paul Seymour literally pulled the plug on Red.

Afterward both were sorry a few fans had spoiled the game with an occasional egg.

Auerbach was the more sorry. The only cheering thought Auerbach had was that Philadelphia dropped the doubleheader opener 129-118 to Syracuse even though Will Chamberlain tossed in 48 points. Thus the Celts maintain a three game Eastern Division lead.

Detroit whipped Cincinnati, minus Oscar Robertson, for the eighth time 144-128 in other league action.

Only one chilly note threatens to mar the festivities. The weather man is sticking by his prediction that the thermometer will hover around freezing and that there will be a brisk wind. Those who are at the Capitol, and those who line Pennsylvania Avenue for the parade that follows, are in for a frigid afternoon.

But today the emphasis is nearly all on celebrating. Kennedy will drop by a reception for governors late this afternoon, take in a couple of private receptions, go to a special inaugural concert of the National Symphony and wind up the evening at a Democratic gala in the National Guard Armory.

Led by Frank Sinatra, an all-star cast has been lined up to entertain those who contribute \$100 apiece for the big party fund-raising affair. Performers to appear

Inauguration to Be Biggest in History

By ARTHUR EDSON

WASHINGTON (AP)—The capital squared away today for John F. Kennedy's presidential inauguration—one of the biggest in history.

Every plane, train and bus fetched in politicians, celebrities, school children, brass bands and ordinary precinct-run democrats eager to whoop it up over regaining control of the White House.

All were here for a solemn occasion that lasts but a moment.

Around 12:30 p.m. Friday, Kennedy takes the simple oath, and as he does the awesome responsibility for leading this country in the challenging days ahead quietly shifts to him.

Rarely has there been such an all-star cast.

Kennedy is here. Harry Truman is here. Dwight Eisenhower is here. Herbert Hoover was expected late today.

For a short time Friday four men who have taken this high oath will be together at the Capitol—two Democrats, two Republicans—who by their very presence are an excellent illustration of democracy at work.

Only one chilly note threatens to mar the festivities.

The weather man is sticking by his prediction that the thermometer will hover around freezing and that there will be a brisk wind. Those who are at the Capitol, and those who line Pennsylvania Avenue for the parade that follows, are in for a frigid afternoon.

Economy to Be Better, Ike Thinks

Adv. for noon EST
BY STERLING F. GREEN

WASHINGTON (AP)—President Eisenhower predicted today that the faltering economy would advance soon into "a period of sound growth."

The President's annual economic report—his last major message to Congress—called for 14 pieces of legislation. None could be called an anti-recession measure.

Instead, Eisenhower urged on Congress these policies for sustained prosperity: Keep his new \$81 billion budget in balance. Keep inflation under control.

In tone and content, the message was in sharp conflict with the most nearly comparable Democratic document, the Jan. 5 report of President-elect John F. Kennedy's economic task force.

The Democratic group called for emergency federal action extending unemployment compensation for workers who have exhausted their jobless pay, along with other programs boosting federal outlays by \$3 billion to \$5 billion in the fiscal year starting July 1.

Eisenhower conceded Congress should consider providing some supplement to jobless pay "in periods of especially high rates of unemployment." But his economic advisers told newsmen that the present rate—6.8 per cent—wasn't high enough to justify federal help.

The President's legislative wishlist was topped by a demand that 1962 appropriations "be held within the limits of expected revenues."

It then repeated all the tax proposals of Monday's budget message and other measures—most of them identical with last year's

Secret of good coffee is to start with freshly ground coffee. Only fresh coffee releases to the brew the rich flavor and aroma nature has sealed into the bean. And freshest coffee is coffee ground at home with this modern-day version of grandmother's wonderful old hand coffee mill—the KitchenAid electric coffee mill. You pour bean coffee into glass hopper (LEFT), set adjusting ring to grind setting of your choice, then flip switch (RIGHT). Coffee pours out into handy measuring glass. You get just the right amount of coffee, ground just the way you like it, and it's fresh.

requests.

They included: Postal rate increases to make the postal system self-supporting; removal of the 4 per cent interest ceiling on government bonds; additional legislation to assist chronically depressed areas; a "moderate" increase in the \$1 minimum wage.

In all its 214-page length, the message never spoke of a recession, business dip, or downturn as marking the closing months of

Spellman Told to Speak for Self

NEW YORK (AP)—A Protestant spokesman today took issue with Francis Cardinal Spellman's attack on proposals by President-elect John F. Kennedy's task force on education for federal aid to public schools.

The Rev. Dr. Oswald C. J. Hoffmann, public relations director of the Lutheran Church-Missouri Synod, which operates the largest system of Protestant elementary schools in the country, said:

"Let Cardinal Spellman speak for himself. He does not speak for us Lutherans."

He referred to "moderate" late-1960 declines in production and employment as being mainly the result of industry's liquidation of an over-accumulation of inventories and suggested that this may soon be stopped and inventory-buying resumed.

"An increase in general economic activity should not, accordingly, be long delayed," the President said.

Lumumba in Prison at Katanga

BY ADRIAN PORTER

ELISABETHVILLE, the Congo (AP)—The Katanga government announced today that deposed Congo Premier Patrice Lumumba and two close associates had been transferred to a jail in Katanga Province because their army confinement near Leopoldville was not considered secure.

Swedish U.N. troops at the Elisabethville airport when the fiery ex-premier arrived Tuesday said European-offered units of the Katanga police beat the three prisoners unmercifully. Lumumba was reported badly bruised.

The Katanga government—headed by an arch enemy of Lumumba, Provincial President Moise Tshombe—said the captives were taken to a place outside Elisabethville.

A Swedish source said they were in jail at Jadotville, about 60 miles from Elisabethville.

Lumumba has been held at the military camp at Thysville, 80 miles southwest of Leopoldville, the Congo capital, but was freed briefly there Friday when some of the garrison rioted over pay. The ex-premier did not get away from the camp, but rumors that he was free set off a panic among anti-Lumumba Belgians and Congolese in Leopoldville.

A Katanga government communiqué said Congo President Joseph Kasavubu had requested Lumumba's transfer because "the Thysville prison did not offer sufficient guarantees."

Burns Fatal to Youth, 11

DEQUEEN, Ark. (AP)—Harold Harris, 11-year-old son of Mr. and Mrs. Shellie Harris of Vandervoort (Pope County), died today of burns suffered Tuesday when he threw gasoline on an open fire.

He was shooting firecrackers in to the fire and three the gasoline, into the fire. It ignited his clothing. His mother attempted to extinguish the flames and was burned. Her condition was described as not serious in a DeQueen hospital.

Italy's fire losses last year totaled \$30 million, less than 4 per cent of those in the United States.

Man Sentenced to Life for Rape

MEMPHIS (AP)—A young Virginia man was sentenced to life imprisonment Tuesday after a jury convicted him of raping a divorcee during the burglary of her home.

James Walter Short, 24, Richmond, was calm as the jury of 12 white men announced its verdict. The divorcee, a 40-year-old mother of three children, left the courtroom before the verdict was returned.

Refuses to Ban Electoral College Vote

By JOHN R. STARR

LITTLE ROCK (AP)—The Arkansas House declined today to go on record as favoring abolition of the electoral college system for naming a president of the United States.

By a 62-30 vote, the House rejected a resolution which would have urged Congress to amend the U. S. Constitution to provide that a president be elected by popular vote.

A lively debate erupted when Saline County Rep. Virgil Fletcher, author of the resolution, called it up for a vote today.

Fletcher said the resolution was a simple matter of whether the people should have the right to vote for president or whether they should have someone to vote for them.

Fletcher was supported on the floor by Benton County Rep. Hardy W. Croston, who said the electoral college was a holdover from the days of "government by intelligentsia." He said it was a matter of recognizing the dignity of each vote and said that three presidents have been elected without a popular vote majority.

Speaking against the resolution, Columbia County Rep. Harry J. Colay called the electoral college a buffer between the state and federal governments. He said the system worked to the advantage of smaller states, like Arkansas, whose small popular vote would be swamped under voting turnout in large states.

Leak County Rep. John O. Miller said abolishing the electoral college would necessarily result in uniform election laws over the country. "We don't want the federal government telling us who can vote," he said.

Miller pointed out that there are wide differences in voting regulations among the states and that a uniform election law might result in elimination of the poll tax and intelligence tests as a qualification for voting.

Croston took the floor again and asserted that abolition of the electoral college would not require uniform election laws.

The resolution was then shouted down in a voice vote, but its proponents asked for a roll call and got it. The result was the same.

Would Allow Appointees to Run Race

LITTLE ROCK (AP)—A proposed constitutional amendment to permit appointed state officials to seek election to succeed themselves was being prepared for introduction in the Arkansas House later today.

Lee County Rep. William Ward, who is authoring the measure, said he was inspired by the case of Nancy Hall, who was appointed this week to succeed her late husband as secretary of state.

Amendment 29 to the state constitution states that person appointed to fill vacancies in elective offices are not eligible to run in the election to choose their successor.

"I don't think this is fair," Ward said. "It sometimes makes it difficult to get the right person for an appointive job because the appointment prohibits him from running for it later."

A proposed amendment to make the three positions on the Public Service Commission subject to election, effective in 1964, was introduced by Garland County Rep. Edward L. Works.

At present, the three holders of the \$10,800 a year jobs are appointed by the governor.

Suffers Heart Attack

SAN ANTONIO, Tex. (AP)—Dr. Virgil Blossom, Little Rock school superintendent during the city's 1957-58 integration dispute, has been hospitalized after what his physician said was a "not too severe" heart attack.

Nikita Hurls New Threats to the West

BY STANLEY JOHNSON

MOSCOW (AP)—Nikita Khrushchev has hurled a new threat to sign a separate peace treaty with the East German Communist regime in a move to end Western occupation of West Berlin.

"The Soviet premier says the Big Three powers' position in West Berlin is 'especially vulnerable.'"

Khrushchev's fresh threat was made in a speech delivered to party leaders in Moscow Jan. 6 and published in the current issue of the magazine Kommunist.

His speech constituted an interpretation of the declaration adopted at the Communist party summit conference in Moscow last fall.

Staring across the field of foreign policy, he divided wars into three classes and said the world Communist movement fully supports those of the third class—"sacred" wars of national liberation. As examples, he cited the Algerian rebellion and Fidel Castro's revolution.

But it is to communism's advantage, he said, to avoid total first class wars of the total thermonuclear variety and second-class "brush fire" wars such as the Indochina fighting of 1953-54 and the British-French action in the Suez in 1956. He made no mention of the current fighting in Laos.

The Soviet leader confidently predicted that a victory for world communism "is not far off." He said this could be achieved without war. But he warned that war will come if the capitalist nations try to resist communism's victory—a victory he said is "inevitable by the laws of historical development."

A production victory over the United States, he said, will be a factor in bringing about the triumph of world communism.

Khrushchev held firmly to previous Soviet policy toward West Berlin and once again denounced what he called "renascent West German militarism."

"The position of the U. S. A., Britain and France has proved to be especially vulnerable in West Berlin," he said. "These powers still try to cligotte old positions, but they cannot fail to realize that the occupation regime in that city will end sooner or later."

"It is necessary to continue, step by step, to bring aggressive-minded imperialists to their senses, to compel them to reckon with the real situation. And if they balk, we shall take resolute measures. We shall sign a peace treaty with the (East) German Democratic Republic, for we are fully determined to conclude a German peace treaty, at long last, in order to pull out the thorn that the occupation regime in West Berlin is."

Thinks Peace Greatest Achievement

By MARVIN L. ARROWSMITH

WASHINGTON (AP)—President Eisenhower said today he considers the greatest achievement of his eight years in office was the preservation of peace in an era when weakness would almost certainly have brought disastrous war.

Eisenhower gave this appraisal in his last presidential news conference, attended by 280 reporters who crowded into the ornate Indian Treaty Room of the old State Department Building.

The 70-year-old soldier-president dealt quickly, smilingly and emphatically with questions concerned with foreign and domestic problems. He spoke most feelingly when asked what he considered his most satisfying achievement and most heartbreaking failure.

His great disappointment, Eisenhower said, was that the nation could not be brought to the place where it could be said that peace with justice was in sight.

As for achievements, Eisenhower went on, the eight years spanned a period in which the Russians achieved the hydrogen bomb, built an arsenal of nuclear weapons, and supported the warlike threats of the Red Chinese—a period in which this country was fighting a war in Korea and there was grave danger it would spread.

This government showed the understanding, firmness and willingness to take risks in support of policies which prevented the great war from coming, the President said.

Had there been weakness in that time, Eisenhower continued, he is convinced there would have been a war that would have been disastrous to all the earth.

After this grave speech—the longest of the news conference—Eisenhower suddenly grinned and said that Nov. 8 was another great disappointment.

Apart from this rueful comment, and despite the many probing questions, Eisenhower declined to give his version of what went wrong in the presidential election which cost the Republican party control of the White House.

Negro Youth Dies in Camden Fire

CAMDEN, Ark. (AP)—A Negro boy burned to death in a fire which destroyed a house here early today. Six other persons escaped without injury.

Killed was Kenny Lee Johnson, about 5, who lived with the family of Mose Hutton. Hutton got his wife and his four children out of the house, but was driven back by flames when he tried to save the boy.

Cause of the fire, which broke out about midnight, was not determined.

SURPRISE COMBINATION

Chicken and New Canned
Mushroom Gravy

It's the little things in life that count! Something new and different for dinner and your family will think you're extra wonderful.

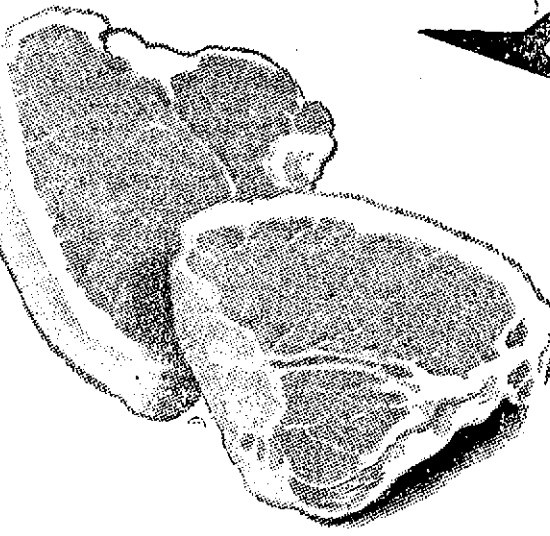

Surprise them tonight with Chicken Champignon... a tempting and delicious skillet dish featuring frozen chicken breasts, sliced onion, green pepper strips, and the secret of your success... new canned mushroom gravy. This new product will turn your ordinary recipes into exciting fare. 10½ ounces of rich savory base filled with heaps of select mushroom slices ready to enhance any meat or poultry dish. This new gravy is a perfect third to the already popular canned gravies... beef and chicken. All three give you about ½ less calories than homemade; all are failure-proof, economical, and flavor perfect.

Buttered succotash and spiced peaches complement this festive chicken dish. For dessert, frozen individual apple pies; hot coffee and milk.

There's a new recipe booklet, Plain and Fancy Gravy Dishes which features many wonderful recipes for all three canned gravies. It's free on request to CAROLYN CAMPBELL, HOME ECONOMICS DEPT., CAMPBELL SOUP COMPANY, CAMDEN 1, N. J.

Chicken Champignon
1 package (1 pound) frozen chicken breasts
2 tablespoons flour
½ teaspoon salt
¼ teaspoon pepper
1 small clove garlic, minced
2 tablespoons butter or margarine
1 medium onion, sliced
1 can (10½ ounces) mushroom gravy
½ cup green pepper strips
Thaw chicken as directed on package. Dust with flour, salt, and pepper. In skillet, brown chicken with garlic in butter. Add onion and mushroom gravy. Cover; cook over low heat about 30 minutes, stirring now and then. Add green pepper. Cover; continue cooking about 15 minutes longer or until chicken and green pepper are tender. Makes 3 servings.

Chocolate Crunch Ice Cream Pie

Try Chocolate Crunch Ice Cream Pie the next time you want an elegant dessert that is really quite simple to make. Make it early in the day and store it in your freezer until shortly before serving time. Remove it from the freezer a short time before serving to allow it to mellow and facilitate serving.

Even a beginner can be assured of success with this recipe. It's so simple to make. The chocolate syrup is poured over the oven-toasted rice cereal until the cereal is completely coated. Press the mixture into a buttered 9-inch piepan, fill with vanilla ice cream and presto, your pie is finished. For extra elegance, serve with praline sauce, which you can either make or purchase. This is but one exciting illustration of creative cookery with breakfast cereals. Breakfast cereals make contributions of protein, important B vitamins, essential minerals, and food energy, when used as a recipe ingredient.

Chocolate Crunch Ice Cream Pie With Praline Sauce
 1/4 cup light corn syrup 1/4 teaspoon salt
 2 tablespoons butter or 1 package (6 ounce) semi-sweet chocolate pieces
 margarine 1 teaspoon vanilla
 2 tablespoons light brown sugar 2 cups oven-toasted rice cereal
 2 pints vanilla ice cream

Combine corn syrup, butter or margarine, sugar, and salt in saucepan. Bring to a boil over low heat, stirring until sugar dissolves. Remove from heat; add chocolate and vanilla, and stir until chocolate melts. Add to cereal; stir carefully until cereal is coated. Press evenly over bottom and sides of buttered 9-inch piepan. Chill. Fill with ice cream. Store in freezer. Serve with Praline Sauce. Yield: 1 9-inch pie.

TIME FOR VIOLENCE

By Noel M. Loomis

CHAPTER XXXIV

Hector pulled himself together. "I was riding the draw on Hackberry Creek looking for steers back in those ravines. I smelled the smoke of cedar wood, and located the smoke about a quarter of a mile away. I took two hands with me and snuck up the draw until we found the ravine."

"Can you tell us what you found?"

"They had a fire going and a cinch-rig in the fire."

"Were there any cattle in the vicinity?"

"About a hundred yards on upstream there were three two-year-olds in a smaller ravine, held back by brush piled across a narrow place. They were all branded LJ."

"Mr. Johnson, can you suggest how that brand might be altered?"

"Yes, sir. We had two hides sent back a month ago from Dodge City with the brands tailored."

"What was the LJ changed to?"

"E Flower de Luce Hook."

Houston smiled gently. "Mr. Johnson, will you describe that brand?"

"Well, two bars made the L into an E, and a couple of hooks at the top of the J make a Flower de Luce."

"What was that last phrase?" asked Willis.

"It's cattle-land for Fleur de Lis, your honor," said Houston.

Willis glanced at Browning, saw no objection, and Houston went on. "What did you do with the three men, Mr. Johnson?"

"We brought 'em to the LJ and put two of 'em — these here two — into the barn with their hands and feet tied. Then we tried to persuade the other one, Hicks Gentry, to testify against them."

"What kind of persuasion did you use?"

Hector looked uncomfortable. "We — that is, we propped up a wagon tongue and sort of — pulled him up by a rope until his feet were off the ground."

"Did Mr. Gentry like that treatment?"

Hector frowned. "No, sir, but — you see — well, we had the rope tied around his neck!"

for three men to build a fire in the ravine, but Hector Johnson refused to concede it.

"Call your next witness."

"We rest our case on this witness, your honor."

Browning stepped forward. "Three-Finger Halvorson will testify in his own behalf."

Browning established Halvorson's identity and got him to say that they had built the fire to cook a jack rabbit they had shot, and that he did not realize they were on LJ land. They had built the fire on the remains of an old fire, and the ring must have been there, unnoticed by them until Hector Johnson pulled it out of the ashes.

Houston took the witness for cross-examination.

"Where are you employed?" Halvorson glared at him.

Houston said gently, "I said where are you employed?" Halvorson was silent.

"Your honor!" shouted Stud Murphy. "We object!"

Bart brought his foot down slowly from the wheel hub.

Judge Willis looked up and waited what seemed like a long time. Then his musical bass voice rolled out over the spectators: "Will you give your name, please, if you are appearing in behalf of the defendants?"

Murphy did not answer. Willis looked at Houston. "I think you'd better proceed, counsel."

Houston repeated, "I asked you, Halvorson, where you are employed."

"He doesn't have to answer that," Xenophon Jones and Piggye Benson called loudly.

Bart moved forward to the wagon tongue.

Judge Willis knew that murder was in the air, but he appeared as calm and unruffled as a cow chewing beargrass blooms in the shade. "Your name, please," he said.

Jones did not answer. Houston said to Halvorson, "You know that you are subject to a fine for contempt if you do not answer?"

Inauguration to Be Expensive

By ARTHUR EDSON

WASHINGTON (AP) — All signs indicated today that John F. Kennedy will have one of the largest, noisiest and most expensive inaugurations in history.

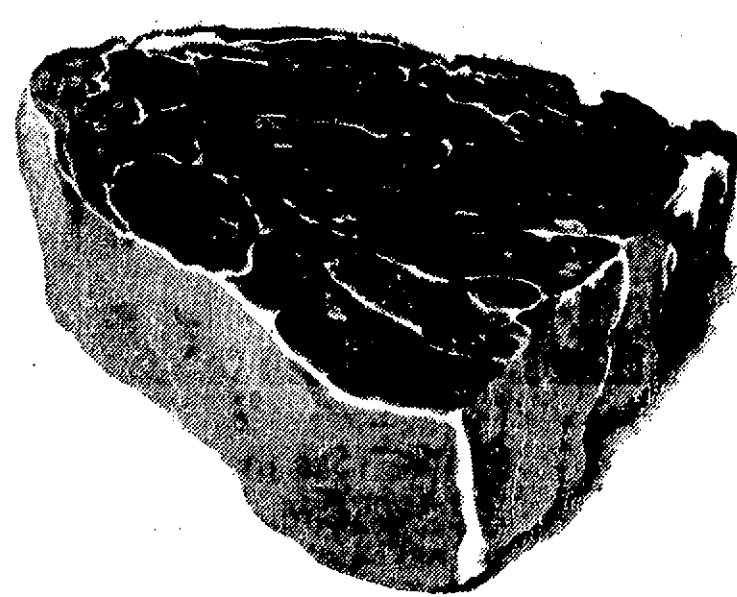

Three former presidents, Herbert Hoover, Harry Truman and Dwight Eisenhower (who automatically gives up his office at noon Friday), and 45 governors will be among those watching as Kennedy takes the oath at 12 noon.

Houston's eyes widened dramatically. "Have you heard from this gentleman since?"

"I heard he was found this side of Moberly with a bullet in him."

Houston turned. "Your witness, Mr. Browning."

Browning seemed to be at a loss. His questions were largely repetitions; he tried to show that it was a completely normal thing

APPLE CHEESE HOT BREAD
... for a Wintertime Meal

Here is a hot bread so good you'll be tempted to make a whole meal of it.
The bread itself is a good honest loaf, light, close crumbed and tender. But it's the topping that sets this loaf apart. A fragrant blend of canned apple slices, brown sugar and spices is spread thick over the top. Over that is sprinkled grated cheese, with just enough beaten egg and milk to bind the topping. Last touch... poppy seeds. Then into the oven to bake.
Served warm with a hearty meat, fish or chicken salad, or with a thick soup, you have the makings of a fine satisfying lunch or supper.
It's a simple bread to make. Just allow for the time to rise of yeast breads demand.

- 1 package dry yeast
- 1/4 cup lukewarm water
- 1/2 cup milk
- 2 tablespoons butter
- 2 tablespoons sugar
- 1 teaspoon salt
- 2 1/4 cups sifted all-purpose flour
- 2 1/2 cups (1 can) sliced apples
- 1/2 cup brown sugar
- 1 teaspoon cinnamon
- 1/2 teaspoon nutmeg
- 1/4 teaspoon cloves
- 2 cups grated sharp cheddar cheese
- 1 egg
- 1/4 cup milk
- 2 teaspoons poppy seeds

Dissolve yeast in lukewarm water. Scald 1/4 cup milk; add butter, sugar and salt. Stir until butter is melted. Cool to lukewarm; add yeast. Add to flour and mix to a dough. Knead on floured board about 3-4 minutes. Place in greased bowl; cover. Let rise in warm place until double in bulk. Press out dough into greased 13" x 9" x 2" pan. Cover; let rise until double in bulk. Combine apples, brown sugar, cinnamon, nutmeg and cloves. Simmer 5-8 minutes until most of the liquid has evaporated. Cool. Carefully spoon over dough. Sprinkle with cheese. Beat egg; add 1/4 cup milk. Spoon over cheese. Sprinkle with poppy seeds. Bake in hot oven 400 degrees, 30-35 minutes, or until done. Serve warm. Makes 18 servings.

Bill Would
Sell Bonds
for Industry

By LEON HATCH

LITTLE ROCK (AP)—The state of Arkansas would sell \$1,420,500 worth of industrial financing bonds it now owns under a bill introduced in the Senate Tuesday with the blessing of Gov. Orval E. Faubus.
The largest single holding is \$181,000 of bonds issued to build a plant at Searcy for lease to the Clary Corp.
The smallest amount of outstanding bonds from any one purchase is \$11,000 worth bought by the state from an issue floated by the East Pointsett County Development Corp. for a plant for the Gotham Chalkboard & Trim Co., Inc.
In all, 16 separate issues are involved.

Faubus proposed in his inaugural speech Jan. 10 that the state Board of Finance divest itself of bonds of local industrial development corporations purchased under a 1955 act. He also advocated cancellation of the board's authority under a 1957 act to buy bonds of the privately backed First Arkansas Development Finance Corp. No First Arkansas bonds have been purchased.

He also proposed repeal of the board's authority for future purchases of local industrial financing bonds.

The governor's recommendations were embodied in the bill submitted Tuesday by Sen. J. Lee Bearden of Leachville.

Faubus said today he thought state ownership of local bonds or possible purchase of First Arkansas securities was no longer needed.

He said that since the enabling acts were passed industrial financing had been strengthened by a constitutional amendment to permit cities and counties to issue

bonds for that purpose and by several laws passed at a special legislative session a year ago.
Faubus also said it seemed inconsistent for the state to be buying or holding this type bond in view of the proposal for a \$52 million bond issue to finance construction at the University of Arkansas, seven state-supported colleges, State Hospital and Arkansas Children's Colony.

The governor was asked if this comment indicated tacit approval of the proposed issue, which he previously had said was not an administration measure.

Faubus said he wouldn't go beyond what he had said before. That he would sign the bond bill if it reached his desk.

The proposed issue would be retired by a one-cent soft drink tax. It would require popular approval at a special election.

Doctor Dooley
Seriously Ill

NEW YORK (AP)—Dr. Thomas Dooley, famous jungle doctor of Laos, was reported today to be in serious condition in Memorial Hospital with the recurrence of the chest cancer which hospitalized him again last month.

Associates of the young physician, who established hospitals in Laos, said Dr. Dooley now was only semiconscious a great deal of the time.

The 34-year-old doctor was operated upon for chest cancer at Memorial Hospital in 1959. He returned to Laos to resume his work but was forced to come back here upon recurrence of the disease.

Asks Help of UN
TUNIS (AP)—The Algerian rebel government in exile suggested today that the United Nations could help establish conditions for a vote on the future of Algeria.

The rebel leaders said that otherwise they remained ready to open negotiations with France on conditions for self-determination.

Admission of
Red China
Is Possible

WASHINGTON (AP)—Adlai E. Stevenson told inquiring senators today it may be impossible to prevent Red China's ultimate admission to the United Nations.

Stevenson, resident-elect John F. Kennedy's choice as his ambassador to the United Nations, said the United States is likely to encounter "some unaccustomed rebuffs and disappointments in that political area in the months ahead."

The twice-defeated Democratic presidential candidate spent more than two hours before the Senate Foreign Relations Committee at a hearing on his upcoming nomination. His admirers packed the committee room and upwards of 200 stood outside, unable to get in.

Stevenson promised to work with Kennedy to help lead the world away "from the risk of

senseless war." He said the United Nations offers the best hope for fashioning a peace which accords "with the aspirations of free men everywhere."
Chairman J. William Fulbright, D-Ark., concluded that the ambassador-designate had acquitted himself well and would be speedily approved without dissent.

Truman Arrives
for Inaugural

WASHINGTON (AP)—Harry S. Truman, formerly of 1600 Pennsylvania Ave., NW, breezed happily into town today to see a new Democratic tenant installed at his old address.

The former president, looking fit at 73, arrived by train.

"Whenever the Democrats are around, you're in good company," said Truman as he shook hands with well-wishers who greeted him at the station.

Truman told newsmen that he is giving them a break.

His early morning walking news conferences have been moved from 6:30 to 7:30, "so that you

Everything
Ready for
Inauguration

By ARTHUR EDSON

WASHINGTON (AP)—Everything seems about ready for John F. Kennedy's big presidential inauguration Friday, including 275 horses, 22 mules and 1 burro.

This livestock statistic was hurled out today by a breathless inaugural committee.

Many of its earlier tidbits dealt with the latest formidable weapons the armed forces will display, and with the electronic gadgetry aimed at keeping the parade on time.

But in news release No. 185, issued today, the committee did a

lozy bones can get up."

Truman said he will certainly pay his respects to President-elect John F. Kennedy, but does not plan to meet outgoing President Eisenhower.

complete about face.

"In no other parade," the committee proudly reported, "have there been so many horses."

This seems surprising since horses were standard presidential locomotion in the old days and Warren G. Harding was the first to forsake them and ride to his inauguration in an automobile.

But admittedly 275 add up to a lot of horseflesh, and of course the Army is prepared. Two horse ambulances, each with a veterinarian and an assistant, will be parked along the parade route to assist any beast needing first aid.

The mules will wear miniature fezzes between their ears. Their sponsors are the Colorado Springs, Colo. Al Kaly Temple of Shriners. The burro, symbol of the Democratic party, will pull a miniature float preceding the mule train.

What started out as one inaugural ball Friday night has now branched out into five. Two more were added Tuesday, which will give us dancers room for whirling, or watching, away in four hotel ballrooms and the National

Appointment
of Baker Is
Criticized

LITTLE ROCK (P)—A member of a Highway Audit Commission which investigated the Arkansas Highway Department in 1952 today criticized the appointment of Truman Baker to the Highway Commission.

Baker, a former highway commissioner, was named Tuesday by Gov. Orval E. Faubus to succeed Lawrence Blackwell of Pine Bluff, co-author of the Mack-Blackwell Amendment to take the department out of politics. The measure was prompted by the 1952 investigation.

Guard Armory.

No one seems to have paused long enough to count the tickets sold, but the figure usually used is 25,000, a fair-sized crowd when you remember that the cheapest ticket costs \$25 and that a box seating eight brings in \$320.

Got Wrong Bag

DETROIT (AP)—Two armed robbers snatched a bag from grocer Walker Thornton as he was closing his store. They didn't bother about an envelope in Thornton's other hand. The envelope held several hundred dollars in receipts. The stolen bag contained peanut brittle, pork chops and some medicine.

Verne Tindall of Stuttgart, a member of the auditing group, said he would have preferred to see Blackwell renounced. He added, "As I remember that audit, I would think he (Baker) would not be the man to appoint, based on what we found out in the audit."

The report charged dishonesty, waste and extravagance in the department, but none of the highway commissioners were mentioned by name.

Baker of Searcy was a member of the Highway Commission prior to the audit commission investigation.

Tropical Sun Setting

SOUTHERN PLAYGROUNDS are in the foreground this season. Casual and correct is this polished cotton men's sport shirt, by Arrow, in a colorful small all-over pattern. The short point, spread collar is held in place with permanent stays—the sleeves notched for comfort and smartness. Coordinate it with their Bermuda half-belt shorts which come in a variety of solid colors (including natural) to wear with a choice of shirt patterns. Both are Sanforized 100% cotton to insure lasting good fit.
